

MOTOTRBO DP3441 ACCESSORIES

LIGHT IN WEIGHT, HEAVY ON PERFORMANCE

You want to stay agile, move freely and be confident you're connected when work is demanding and conditions get tough. You need accessories that match the power, durability and convenience of your incredibly compact and rugged DP3441 radio to truly fit your environment.

That's why it's important to use Motorola Original[®] accessories. They're the only ones designed, built and tested with your portable radio, from the ground up, to optimise its performance and reliability.

Only Motorola accessories unleash the full power of MOTOTRBO[™] – the most advanced digital radio platform in the industry. So whether you're responding to a malfunction on the production line or a security alert across hotel grounds, you can work easily and efficiently. Our accessories let you move comfortably without wires or constraints.

Combine our compact and rugged radios with DP3441 accessories so you can achieve even greater efficiency. **Together, you'll rethink what's an accessory – and what's a necessity.**

UNLEASH THE POWER OF YOUR RADIO

EASY CONNECTIONS

Our DP3441 radio has an important innovation: a slim accessory connector that attaches quickly and securely without the need for special tools. With a snap and a click, secure your DP3441 accessories in two easy steps and remove them just as easily with one hand. Walking across the factory or working on a ladder, the accessory stays firmly attached and detaches easily when needed.

COMMUNICATE ON THE GO

FLEXIBLE SOLUTIONS

Remote speaker microphones offer exclusive audio features for clear communication in windy outdoor environments (windporting) or noisy environments (noise-cancelling).

Earpieces and surveillance kits fit the way you work – from discreet, clear acoustic tube styles to over-the-ear styles.

Comfortable headsets protect hearing in noisy environments. The heavy-duty headset offers extra durability and protection in more rugged and noisy environments.

HEAR CLEARLY AND WORK COMFORTABLY

BATTERIES AND CHARGERS

Our batteries are IP67-rated to meet the most rigorous standards. They're water-tight and dust-tight just like your radio. MOTOTRBO batteries are Proven Tough, they stay true and stand tougher than others. In test after test, our batteries withstand shocks, knocks, drops and shakes and outperform the other brands.

Re-use chargers from the Professional Series to charge your new DP3441 radios. Choose from a variety of chargers, including a rapid-rate, multi-unit charger for six batteries at one time.

PROVEN TOUGH BATTERY TESTING PASS RATE

MOTOROLA	98%
POWER PRODUCTS	53%
MULTIPLIER	47%
HONEYWELL	52%
