Size:	120x88x27 mm
Lens Type:	Transparent
Life Span:	30,000 Hours
Warranty:	5 Years
Certifications:	CE & RoHS, TÜV

Product description

This Black 10W UltraSlim LED Floodlight stands out for its compact design and minimalist finish.

Characteristics of this Black 20W UltraSlim LED Floodlight

The incorporated light source is perfect for replacing a 100W halogen bulb and saving in energy consumption. It's therefore **an ideal unit for being installed in outdoor areas.**

It has a **special glass prismatic diffuser that noticeably reduces annoyances caused by glare, providing a UGR<19 glare factor, making this floodlight perfect for all sorts of areas. Also, as it has an IP65 Protection factor, and also an aluminium housing, it's ideal for outdoor areas,** be it on balconies, terraces or wherever we need quality lighting with minimal consumption. Also, the support allows us to adjust the floodlight into the required position.

You'll find this Black 10W UltraSlim LED Floodlight here on our online lighting shop. It's available in 3 colour temperatures so that you can choose the one that best suits your needs.

**This product comes with a pre-wired cable that's approximately 300mm.*
