Product Overview

LS32DM801UNXZA

Retailer Title
Samsung 32" Smart Monitor M8 (M80D) 4K UHD with Streaming TV, Speakers, USB-C, Ergonomic Stand and SlimFit Camera

Samsung.com Title
32" Smart Monitor M8 (M80D) 4K UHD with Streaming TV, Speakers, USB-C, Ergonomic Stand and SlimFit Camera

Paragraph (Retail)
Samsung’s 32" Smart Monitor M8 (M80D) is an all-in-one streaming TV and desktop monitor powered by AI. Stream content directly from the monitor or tune into live TV channels. Maximize your multitasking using a single mouse and keyboard across devices. 4K UHD resolution & HDR10+ support brings content to life and creates brighter brights and darker darks. AI upscaling transforms lower resolution content to nearly 4K with new levels of definition. Iconic slim-design with height-adjustable stand ensures maximum viewing comfort, and multiple ports, including USB-C, eliminates the need for adapters. Samsung Gaming Hub allows instant gameplay, and AVA Pro allows you to hear every word without distractions. Control with SolarCell Remote™ and use SmartThings IoT hub as an easy way to manage devices in different rooms.

- Bullets (Samsung.com)**
- Samsung’s Smart Monitor M8 (M80D) is an all-in-one streaming TV & desktop monitor powered by AI
 - Stream OTT content directly from monitor or live TV channels with on-demand content for free with Samsung TV Plus*
 - Maximize your multitasking using a single mouse & keyboard across devices
 - 4K UHD resolution & HDR10+ support brings content to life and creates brighter brights and darker darks
 - AI upscaling transforms lower resolution content to nearly 4K with new levels of definition
 - Iconic slim-design with height-adjustable stand ensures maximum viewing comfort, and multiple ports, including USB-C, eliminates the need for adapters
 - Samsung Gaming Hub allows instant gameplay with no PC or console needed

*Samsung TV Plus and Universal Guide may not be available in some regions.

Headline	Feature Name	Body Copy	Disclaimer	Associated Image
Watch, play, work in style	A monitor and streaming TV, powered by AI	N/A	N/A	 M80D_OM80D_0_KV
Instant access to your favorite OTT content	Smart TV Apps	Stream OTT content directly from the monitor or tune into Samsung TV Plus* to get live TV channels and on-demand content at zero cost. Need to make the most out of a small space or simply want a second TV? The Smart Monitor is the best choice.	*Features, services and app availability may vary by country and region. Samsung TV Plus and Universal Guide may not be available in some regions. Some features may require separate subscriptions. The user interface is subject to change without notice. Smart Monitor does not include a TV tuner, which is not necessary for streaming apps. Internet connection is required. Remote control specifications vary by country and region. Keyboard and mouse control compatibility varies by app. Access to the full range of smart features, such as network-based services, applications (including games and streaming services), and smart home functionality requires a Samsung account. Without logging in, functionality is limited to external devices, e.g. via HDMI. You can sign up for a free Samsung account at https://accountsamsung.com ; Terms and Conditions apply.	 M80D_01-1_Smart TV Apps
Upscale your OTT content with AI	4K AI Upscaling	Unlock the full potential of a 4K screen when streaming content directly on your monitor. AI upscaling, powered by the NQM AI Processor, turns lower resolution content up to nearly 4K, transforming entertainment with new levels of definition.*	*Viewing experience may vary according to types of content and format. Upscaling may not apply to PC connection and Game Mode. Screen images simulated for illustrative purposes.	 M80D_01-2_4K AI Upscaling Note: MP4 and static assets available (MP4 is preferred).

One mouse and keyboard across devices	MultiControl™	Maximize your multitasking capabilities by controlling multiple devices with a single mouse and keyboard. Seamlessly drag and drop content across the Smart Monitor, a Galaxy Tab, and a Galaxy mobile device, effortlessly streamlining your workflow.*	*Each device must be registered with a single Samsung account and connected to the same Wi-Fi network. MultiControl requires updated Galaxy phones and tablets with One UI 5.1 or above and Galaxy Book series devices released in 2021 or later with Samsung Settings v1.5(Inter) or Samsung Settings v3.3(ARM). Some models may have limited feature support. Screen images simulated for illustrative purposes.	 M80D_01-3_Multi Control Note: MP4 and static assets available (MP4 is preferred).
The monitor that does the basics smarter	Catch every detail in your favorite shows: 4K & HDR 10+	Pictures with precision. UHD resolution ensures every piece of content is brought to life beautifully. HDR 10+ support creates brighter brights and darker darks, for more nuanced settings without losing any vivid detail.*	*4K availability in over-the-top content may vary, depending on content service subscription type and internet connection.	 M80D_02-1_4K_HDR 1M80D_0+ Note: MP4 and static assets available (MP4 is preferred).
	Style and comfort, without compromise: Iconic Slim Design & Ergonomic Stand	The Smart Monitor combines sleek, cutting-edge design with ergonomic features, offering a slim and stylish look without compromising on comfort. Its height-adjustable stand, which also tilts and pivots, ensures the optimal viewing angle for maximum comfort.	N/A	 M80D_02-2_Iconic Slim Design_Ergonomic Stand

Headline	Feature Name	Body Copy	Disclaimer	Associated Image
The monitor that does the basics smarter	Connect with convenience: Multiple Ports	With USB-C, HDMI and USB-A ports, you can connect completely to the Smart Monitor without any adapters. Charge your devices, transmit data and make the most out of your multiscreen setup -- or do all at once -- thanks to the four available ports.	N/A	 M80D_02-3_Multiple Ports
	Where gaming comes together: Gaming Hub	Samsung Gaming Hub is the ultimate home for gaming. Instantly play the biggest games from top streaming partners, with no PC or console needed. Discover new games or replay old favorites all in one place.*	*Gaming Hub is available in limited countries, with app availability differing by country. UI is subject to change without prior notice. Accessing Gaming Hub is free of charge. Subscription may be required to access content offered by game-stream providers on the Gaming Hub. You may need to download apps depending on the game or service. A separate controller may be required depending on the specific game you are playing on the Gaming Hub. Requires internet connection.	 M80D_03-2_Gaming Hub
	Hear every word clearly with AI: AVA (Active Voice Amplifier) Pro	Active Voice Amplifier Pro uses AI technology to analyze background noise and optimize dialogue, delivering every word with crystal clear clarity through advanced audio processing.*	*Screen images simulated for illustrative purposes.	 M80D_03-1_AVA pro Note: MP4 and static assets available (MP4 is preferred).

Headline	Feature Name	Body Copy	Disclaimer	Associated Image
The monitor that redefines entertainment	Solar-powered control: SolarCell Remote™	The SolarCell Remote™, featuring a solar charging panel on its back, eliminates the need for disposable batteries, making it an eco-friendly choice. A newly integrated quick-launch button ensures quicker access to specific menu options, including the settings page, for enhanced convenience.*	*When battery is fully drained, the remote can be charged only via USB-C cable (cable sold separately). The battery level of SolarCell Remote can be checked through the pop-up guide on monitor screen.	 M80D_03-3_SolarCell Remote
	Designed for low vision users: Vision Accessibility Tools	The Smart Monitor is designed with accessibility in mind, particularly for low vision users. It comes equipped with tools that help them see and use the screen more easily, including screen magnification, color switching, and audio descriptions for TV settings like the volume and channel.	N/A	 M80D_03-4_Vision Accessibility Tools
The monitor that works smarter	Video calls without hassle: SlimFit Camera	Stay connected with the SlimFit camera, designed for easy video calls with friends, family, and coworkers.*	*Screen images simulated for illustrative purposes.	 M80D_05-2_SlimFit Camera

Features and Benefits: LS32DM801UNXZA EasyAds Link - Feature Images https://dam.gettyimages.com/p/z0c3461/displays?o=AND&q=LS32DM801UNXZA%20Feature%20Images Box Link - Feature Images https://app.box.com/s/9q6ekawo71y4pppb4fg2fkckdbkbv9p Samsung Partner Portal https://partnerportal.samsungusa.com/prm/English/s/assets				
Headline	Feature Name	Body Copy	Disclaimer	Associated Image
The monitor that works smarter	Switch between screens with one click: Easy Switching Between the Monitor and a PC	Enjoy better control when switching between your PC and Smart Monitor's home screen controls. With the Easy Setting Box software installed on your PC, move between these configurations with one mouse and keyboard. It's full, seamless control of the PC and the monitor's native apps with just one setup.	N/A	 M80D_05-3_Easy Switching Between the Monitor and a PC Note: MP4 and static assets available (MP4 is preferred).
	Faster, easier access to your work tools: Workspace	Access and control your PC remotely or work directly on the monitor. Embedded productivity apps like Microsoft 365 let you bypass the PC for a simpler, streamlined working environment. Plus, see the apps side-by-side with Multi View to ramp up productivity to new levels.*	*On-screen content simulated for demonstration purposes. Microsoft 365 requires Microsoft account. Some features of Microsoft 365 require subscription. Windows 10 Pro, Mac OS 10.5 or higher, and compatible network settings are required for this feature.	 M80D_05-1_Workspace
The monitor as a connected home hub	Simple control for your smart home: SmartThings	See all your smart home devices in a new 3D Map View, for an easier way to manage devices in different rooms. See energy usage and costs by device, and save money by turning on energy-saving modes. Use your mobile phone or your voice to tap into the all-in-one IoT hub - all without pausing shows.*	*Available technology, functions and features may vary by country, service provider, network environment or product and are subject to change without notice. Requires a Wi-Fi, Bluetooth or other wireless network connection and devices registered to SmartThings app. Connected devices are sold separately. For full compatible device list, please check https://www.smartthings.com/products . Energy saving is available only for smart appliances that are compatible with AI Energy mode. The monitor as a connected home hub	Step into a world of immersive sound: 360 Audio Mode	Pair your Galaxy Buds with the Smart Monitor to get into the middle of the action with 360 Audio. As you move your head, the audio comes through and makes you feel as if you are really right in the middle of your entertainment. Your room becomes your private movie theater or concert hall, and video game worlds burst to life.*	*360 Audio and head tracking support may vary depending on the application and content. Supported devices are Galaxy Buds 2 Pro / 2 / Pro / Live and can be updated without notice. Screen images simulated for illustrative purposes.	 M80D_04-2_36M80D_0 Audio Mode
	“Monitor” your workouts like never before: Workout Tracker	Forget about boring workouts. Stream workout content or run your own workout while watching TV on the Smart Monitor. Pair your Galaxy Watch to track real-time health data on the screen, while keeping streaming content on at the same time.*	*Supported exercise devices are Galaxy Watch 4 or later, and can be updated without notice. Requires Samsung account.	 M80D_04-3_Workout Tracker
